### Northern Methodist Favor Union With Southern

#### Gruesome Find Near Young's Mill Made Tuesday

The decomposed body of a man was found Tuesday afternoon in a small tank near a Wildcat test drilled near Young's Mill in Freestone County.

B. L. Walkup and Mr. Darby of this city, of the American Salvage Company, made the gruesome discovery when they went to the lease to investigate machinery and the tank with a view of purchasing them for the company.

The test was sent down with standard tools near Young's Mill about two years ago, it is understood, and the 600 barrel tank had been utilized for storing fuel oil.

Upon arrival at the location, Mr. Walkup climbed up to examine the tank and before peeping down in the tank noted the awful fumes coming up from below. He then observed the body of a man on the bottom. A belt was about his body and according to Mr. Walkup it looked as if foul play had preceded the incident, the man murdered and let down in the tank. Neither he nor Mr. Darby could tell whether it was the body of a white man or a negro or anything else about it. They reported the discovery at once to the proprietor of the store at Young's Mill, they stated, who was understood to be a peace officer there who said the matter would be promptly investigated.

Considerable has been said about this meeting, but the Rotary Club feels that every business man in Mexia, regardless of his affiliation with any organization or club of any kind, should be glad to co-operate in this movement, and they also believe that those interested in the advancement of the town should make their arrangements, involving sacrifice if necessary, in order to attend this meeting.

Rev. John E. Aubrey is a gifted and entertaining speaker and he has no use to grind and is giving his service free as a compliment to his son's city of residence.

The meeting will be called to order promptly at 8:15 p. m. and those who wish good seats in the auditorium are advised to come early.

##### AN ANNOUNCEMENT

This paper's readers have made such a quick acceptance to its Bible offer that it is overwhelmed with pride. There has been one point of misunderstanding which it is sure this announcement will finally clear away.

The two unusual elements in limp leather are equally attractive. There is only one matter of personal selection, but it has come to notice that many have not realized that there are two ways of procuring either the Medium Print volume or the Large Print Red Letter Bible; one is by presenting the coupons, and the other, which is just as safe and satisfactory, is to mail the coupons to the office.

The detailed offer is so simple and is outlined in the coupon printed else where in this issue.

## A LESSON FOR ADVERTISERS.

The other day we saw an article in an exchange which read something like this:

Once upon a time, a man had a furnace which was not heating his home with satisfaction. One day he became angry and going down to the basement stood before the furnace and exclaimed: "Not another lump of coal will you get until you give me more heat!" The poor fellow froze to death.

Herein is a lesson for advertisers. Some men put a little ad in the paper and it doesn't bring the results that he expected he says: "I won't advertise again until the other ad brings results." So the poor fellow freezes to death.

For further proof of this look up statistics and compare the figures of failures among advertisers with the figures of failures of non-advertisers—those who freeze to death.

## PUBLIC OPINION COUNTS.

Biographies of those who did something to attain unusual prominence often include the statement that the subject of the work "had no fear of public opinion." This is meant to be praise of the highest kind and usually is so regarded by the reader. It implies that the person had convictions of his own and was courageous enough to act on them.

It is a fact, however, that there is a great deal of prejudice and stubbornness to be found in the natures of some very able men. Such as they have gone up the ladder not because of their characteristics, but in spite of them. The truly great person is not tempted to put his ear to the ground or to be tossed about by every trivial breeze of impulsive clamoring. But he does have a deeply-rooted respect for the thoughts of his fellow men. And he takes serious account of public opinion, because he knows that in the long run it is usually right.

## Ancient Texas History Now At The University

AUSTIN, Texas, May 7.—Adding to the collection of interesting books in the University of Texas Library, "The History of American Indians" was recently purchased. Very few copies are now in existence and this volume was purchased out of the fund, donated to the library for that purpose by the late Major G. W. Littlefield.

In addition to the arrival of the Ida, the Norwegian steamer Kresford has arrived with 21,567 bags of raw sugar. Both steamers brought their cargoes from Cuba and were consigned to the Imperial Sugar Co. at Sugar Land.

The road to the Reunion Grounds is yet open to traffic and is becoming quite popular with motorists. The road to the fork from Mexia and on to Forest Glade is in fine shape, but has not yet been completed. When finished it will have an asphalt top like the Mexia streets. Also since the road has been opened, many go all the way to the Reunion Grounds which the Pure Oil Company is now maintaining. The road has contributed to the success of many picnics held at the Reunion Grounds and has also stimulated trade from points south of Mexia. Within the next few days, the bath house and confectionery and lunch stand will be opened.

A TRIBUTE TO MRS. J. H. FIFE.

Mrs. Jane Berry Fife has been in Webster county, Mississippi, 73 years ago. She married J. H. Fife 59 years ago. And has been a resident of this county 30 years. She leaves a husband, seven children, 32 grand children and 36 great grand children to mourn for her, besides a host of friends.

She became a Christian in her early life, and as the years passed her faith grew stronger. In all her sufferings of the last sixteen months, it only seemed to draw her nearer to her Savior. She was as a blooming flower in her home, always ready to share the burdens as well as the joys. She had a smile and a kind word for every one. To know her was to love her. It was so hard for loved ones and friends to part with her. On the 4th of April when her spirit took its flight from this world of woe to its Heavenly home on high. We know she is only waiting and watching for us to enter the Golden Gate. It is so hard to understand why we had to give up one that was so dear to us all.

God moves in a mysterious way His wonders to perform; He plants His foot steps in the sea, and rides on the storm.

His purposes will ripen fast, unfolding every hour, the bud may have a bitter taste, but sweet will be the flower.—A Grand-daughter.

A Big Prize For Bone Dry Corn

ATHENS, Texas, May 7.—A cash prize of \$500 will be awarded the world's best ear of corn grown in 1924 at the East Texas Cotton Palace here September 29-October 4.

Corn growers of the entire world have been invited to mail their exhibits to the local exposition. Each corn grower is limited to one ear of corn.

"It is our purpose to find the highest possible level in the growth of a single ear of corn," one of the officials said.

Yes, Vaccinate Them With Lead

WAXAHACHIE, Texas, May 7.—Waxahachie's canines have been ordered vaccinated.

Local officials have decreed that every dog in the city must have a certificate of vaccination against rabies before a license will be issued.

As unlicensed canines are summarily executed, the local veterinary has been kept busy vaccinating the animals.

M. Blair Coan, who is said to have posed in Montana as a Burns detective and as a representative of the Republican National Committee, is alleged to have been the prime mover in the indictment, by a Montana Federal Grand Jury, of United States Senator Burton K. Houston Thieves Stealing the Earth

HOUSTON, Texas, May 7.—Someone is stealing the hills out of Cleveland park, 150 irate citizens, residents of Riverside community, told the city council at a recent session.

The citizens of the little suburb are tired of that brand of pilfering in the dead of night, awakening in the morning to find their beautiful hills have evaporated. If the hills can't be found they want those that remain to be left alone.

The spokesman for the citizens told the mayor and council that wagons were driven into the park late at night, loaded and driven out again. After a few weeks of this, he said, the most robust hill was reduced to the altitude of a pancake.

It was the contention of one member of the council that police should be put on the trail of the thieves but the mayor decided it was a case of investigation by the park fathers.

Sing A Song Of Tartlets

FROM grace notes to tartlets is a long step but one easily achieved by the versatile prima donna, Dorothy Jardon, who is here shown wielding the rolling pin with the same energy that she puts into her operatic roles. Miss Jardon has consented to give us the recipe for her famous Song-bird Tartlets. Here it is.

Cream 4 tablespoonfuls of sugar with 4 tablespoonfuls of crisco, then add two eggs well beaten, 1 cupful of flour, 1/2 teaspoon salt, 1/4 teaspoon baking powder, and 1/4 teaspoon lemon extract. Line twelve tartlet tins with the pastry, put a teaspoonful of blackberry jam (to substitute for the blackbirds of the famous nursery rhyme) in each, and bake in a moderately hot oven 20 minutes. This is sufficient for twelve tartlets, which Miss Jardon avers are dainty enough "to set before a king."

Folks who cover a lot of ground find a heap of energy and goodness in Kellogg's Corn Flakes.

To get that flavor, say the name in full—"Kellogg's Corn Flakes."

## Gushers Flowing Over The Top of T.A. League

### WINNING SERIES FROM TEMPLE MEXIA NOW LEADS ALL

Mexia took the third game of the series with Temple here by a score of 10 to 0, going into first place in the pennant race. Features of the game were the home runs of Jones and Fowlkes, the latter's taking a lucky bound over right field fence through Lind's hands. Marlin used four pitchers during the game. Johnson who started gave up eight runs to the locals in the second inning which overcame by six scores the 2 run lead which the Temple club had obtained off Jeffries. Nugent who relieved Johnson pitched creditable ball until the eighth inning, when he was relieved by McCull, striking out nine Gushers. McCull was wild as the proverbial March hare and was relieved by Clair after throwing three balls to Bryan. Jeffries, left hander who started in the box for Mexia, was relieved by Sanders in the fourth. Jeffries seemed to be unable to get at himself and was hit for several good hits by the Temple Club. Sanders pitched a fair grade of ball, losing several good hits and tying the score in the eighth. Bryan's single in the ninth scored Geppert for the winning run.

### Yankees to Prove Hard Opponents For Westerners

NEW YORK, May 6.—Western

Major League clubs in their impending encounters with the eastern teams will find their hardest fights in the American League against the Yankees and the Boston Red Sox while the Giants and the Brooklyn

Robins will furnish all the trouble in the National League. The Red Sox, of the three teams that have been fighting the Yankees appear the most formidable. Under smart management a remodeled team is getting good pitching, hitting well and playing alert, snappy baseball. Lee Fohl's teams always play that way.

The Washington Senators lack pitching strength and their defense does not work as smoothly as a first division club should. With a rookie

A water wheel invented in Norway has paddles that are carried down stream by the current, then lifted by a fly wheel and replaced in the water.

There are only two moving parts in a new electric motor for phonographs in which a large copper ring revolves through an electromagnetic field.

Success has attended experiments in England with omnibus wheels made of an aluminum alloy that weighs about half as much as standard steel wheels.

on third base, the infield is wobbly and the outfield is none too fast.

The Athletics have Connie Mack almost weeping. He felt sure before the season started that he had a contending club but he is now in the cellar. In many of their games the Athletics have played sleepy baseball and Mack nearly always makes his players keep on their toes even if they are going no place in particular. The Athletic pitchers have fallen down badly but there is yet time for them to get going.

## LONG EYES

As a general proposition, there are a few near-sighted persons, but those whose eyes have such a defect require most careful attention by trained optometrists.

A near-sighted eye is one that is slightly longer than the correctly focused eye. For that reason the rays of light do not form a perfect picture and to effort on the part of the individual can aid them to do so. After a careful examination, to determine the exact kind of glass required the optometrist orders lenses which will diverge or spread the rays of light and, with such lenses, the wearer frequently sees as well as those who are fortunate enough to possess optically perfect eyes.

Competency and care on the part of the optometrist are quite as essential when he is correcting near-sightedness as when he is aiding an eye having any other defect. If he is untrained and makes the mistake of prescribing a glass too strong, he will then create a condition that is similar to far-sightedness and is associated with the same kind of distressing eye discomfort.

Among all the learned sciences and professions there is none which has made greater progress toward human helpfulness in the last decade or two than optometry.

Umpire—Price was again one of the features of the game and the fans got many a "kick" from his work Monday.

Price pulled a good one Monday when he told of a ball player in the Western Association where he umpired last season. According to his version of the affair the player was troubled with water on the knee and eventually it got so bad that one day last August the injury got so bad that whenever the player ran the bases he sprinkled the grass along the base lines and Price ran him out of the park for making the park muddy which forced him to call the game on account of rain.

The date for the Lions to meet the Rotarians on the diamond has not yet been set. It is understood generally that Hardy Eubanks is going to recommend the whole Gusher squad for Membership in the Rotary club. If he does, the Lions will likely forfeit the game on account of the approaching democratic victory or for some other reason known to themselves.

Dr. C. P. McKenzie is seen quite frequently out in his front yard of late practicing something that is becoming quite popular in Mexia of late, with a club in his hand.

The turf may be beautiful but do not be afraid of it said J. K. Hughes to a class he is instructing in the arts of Golf. Other terms he used supposedly understood fully by his students, Blake Smith, Ike Keys, Jack Womack and other well known athletes of Mexia, were: "Take sod solidly and don't be lazy about it." "Get the imaginary line accurately in mind, let the clubhead lie comfortably and act naturally." "Never lose sight of comfort." "The worse the lie, the more you need the forward and backward press."

### THE BOOK OF ISAIAH

Statistics of the large libraries show conclusively how great is the public taste for fiction. Fiction in the ordinary conception is a type of story writing which carries with it tales of human interest such as tragedy, adventure and love. In the great Book of Isaiah chapter after chapter, and there are sixty-six of them, is replete with stirring accounts of devastation, adventure and strategy such as might have been carried in our daily newspapers in describing the late war. This book may be read as fiction or as accurate records of authentic history according to individual belief.

Such chapter heads as the parable of the Ravaged Vineyard, Isaiah Sent to Encourage King Ahaz, Assyria to Overcome Israel, The Child Who Shall Reign as Prince, Universal Peace out of the Branch of Jesse, Babylon to Become Utterly Desolate, The Doom of Syria, Egypt to Fall by Civil War. These and many others are more satisfying and thrilling reading than many of today's best sellers.

The Rod Letter Large Print Bible now being distributed by this paper contains an endless amount of reading matter which if written as pure fiction by a contemporary author would bring the statistical records of general fiction to even larger figures.

Why does any one neglect to read such typical literature? See today's coupon for information as to how easy this beautifully printed and handsomely bound Bible can be obtained for at this office, or mailed to you.

### CITATION BY PUBLICATION

#### THE STATE OF TEXAS

To the Sheriff or any Constable of

Limestone County: Greeting:

You are hereby commanded, that

you summon, by making publication

of this citation in some newspaper

published in the County of Limestone

if there be a newspaper published

therein, but if not, then in any news-

paper published in the Judicial Dis-

trict; but if there be no newspaper

published in said Judicial District,

then in a newspaper published in the

nearest district to said Judicial District

for four weeks previous to the return

day hereof, B. D. Flickinger whose

residence is unknown, to be and ap-

pear before me, a Justice of the Peace

in and for Limestone County, at a

regular term of the Justice's Court

for Precinct No. 4 of said County, to

be begun and holden at my office in

Mexia on the 10th day of June, 1924,

at ten o'clock A. M., to answer the

complaint of Rogers Mercantile Com-

pany in a certain suit therein pending,

in which Rogers Mercantile Company

is Plaintiff, and B. D. Flickinger is

Defendant.

Filed on the 26th day of April, A. D.

1924, and numbered on the Docket of

said Court No. 739, the nature of

the Plaintiff's demand being in sub-

stance as follows: On July 14th, 1923,

at the instance and request of De-

fendant the Plaintiff took defendant's

note in the sum of \$44.50, due thirty

days after date, said note providing

for ten per cent attorney's fees if

placed in the hands of an attorney

for collection. Plaintiff says further

that he placed the note in the hands

of Keys & Mason, attorneys, for col-

lection, agreeing to pay them the ten

per cent attorney's fees provided for

in the note, the same being reasonable

attorney's fees; that the note is now

past due and unpaid, and that De-

fendant, though often requested, has

hitherto failed and refused, and still

refuses, to pay the same or any part

thereof, to Plaintiff's damage in the

principal sum of \$44.50.

Wherefore, Plaintiff prays that the

Defendant be cited to appear and

answer this suit; that he have judg-

ment in the principal sum of \$44.50,

interest, attorney's fees and costs of

suit, and for such other and further

relief, general and special, in law and

in equity, to which he may be justly

entitled.

Herein fail not, but have then and

therefore said Court, at said reg-

ular term, this Writ, with your return

thereon, showing how you have ex-

ecuted the same.

Given under my hand, this 26th day

of April, A. D., 1924.

Justice of the Peace,

Great crowds gather daily and storm the big busy store to buy all their Spring and Summer supplies at a tremendous saving. The crowds come and keep coming; there must be a reason or they would not come and then come again; it's the saving that counts, then the standard quality merchandise that this big store carries counts too; had you ever thought of that? This is a good store; it carries all the world's standard brands and makes in all that's new and interesting. Then, too, this store stands back of every item sold from a paper of pins on up to the most high grade men's and ladies' suits and ready-to-wear that money can buy. Then you are always welcome at this store whether you buy or not. The lid is off the box, come, look 'em over.

The Standard of Merchandise you know. And here are some of the prices. Not all of them! NO! NO! Four times this much space would not hold them all. These that are mentioned merely signify and point out the way. Read the list carefully. Perhaps one of the best values that would interest you most is told in the most obscure corner. ## DECOMPOSED BODY OF MAN FOUND IN OIL TANK

### Northern Methodist Favor Union With Southern

#### Gruesome Find Near Young's Mill Made Tuesday

The decomposed body of a man was found Tuesday afternoon in a small tank near a Wildcat test drilled near Young's Mill in Freestone County.

B. L. Walkup and Mr. Darby of this city, of the American Salvage Company, made the gruesome discovery when they went to the lease to investigate machinery and the tank with a view of purchasing them for the company.

The test was sent down with standard tools near Young's Mill about two years ago, it is understood, and the 500 barrel tank had been utilized for storing fuel oil.

Upon arrival at the location, Mr. Walkup climbed up to examine the tank and before peeping down in the tank noted the awful fumes coming up from below. He then observed the body of a man on the bottom. A belt was about his body and according to Mr. Walkup it looked as if foul play had preceded the incident, the man murdered and let down in the tank. Neither he nor Mr. Darby could tell whether it was the body of a white man or a negro or anything else about it. They reported the discovery at once to the proprietor of the store at Young's Mill, they stated, who was understood to be a peace officer there who said the matter would be promptly investigated.

The detailed offer is so simple and is outlined in the coupon printed elsewhere in this issue.

## A LESSON FOR ADVERTISERS.

The other day we saw an article in an exchange which read something like this:

Once upon a time, a man had a furnace which was not heating his home with satisfaction. One day he became angry and going down to the basement stood before the furnace and exclaimed: "Not another lump of coal will you get until you give me more heat." The poor fellow froze to death.

Herein is a lesson for advertisers. Some men put a little ad in the paper and if it doesn't bring the results that he expected he says: "I won't advertise again until the other ad brings results." So the poor fellow freezes to death.

For further proof of this look up statistics and compare the figures of failures among advertisers with the figures of failures of non-advertisers—those who freeze to death.

## PUBLIC OPINION COUNTS.

Biographies of those who did something to attain unusual prominence often include the statement that the subject of the work "had no fear of public opinion." This is meant to be praise of the highest kind and usually is so regarded by the reader. It implies that the person had convictions of his own and was courageous enough to act on them.

It is a fact, however, that there is a great deal of prejudice and stubbornness to be found in the nature of some very able men. Such as they have gone up the ladder not because of their characteristics, but in spite of them. The truly great person is not tempted to put his ear to the ground or to be tossed about by every trivial breeze of impulsive clamoring. But he does have a deeply-rooted respect for the thoughts of his fellow men. And he takes serious account of public opinion, because he knows that in the long run it is usually right.

Very few copies are now in existence and this volume was purchased out of the fund, donated to the library for that purpose by the late Major G. W. Littlefield.

In addition to the arrival of the Ida, the Norwegian steamer Kresford has arrived with 21,567 bags of raw sugar. Both steamers brought their cargoes from Cuba and were consigned to the Imperial Sugar Co. at Sugar Land. Custom duties on the two shipments of 15,000,000 pounds aggregated \$175,000, according to custom officials.

This young sailor has made a trip from the U. S. Navy 5700 miles to take the Shrine in Waco and says that if he wins the diamond ring, he will carry it to the north pole and plant it on the very top and then plant an American flag on top of that.

## A TRIBUTE TO MRS. J. H. FIFE.

Mrs. Jane Berry Fife has been in Webster county, Mississippi, 73 years ago. She married J. H. Fife 59 years ago. And has been a resident of this county 30 years. She leaves a husband, seven children, 32 grand children and 36 great grand children to mourn for her, besides a host of friends.

She became a Christian in her early life, and as the years passed her faith grew stronger. In all her sufferings of the last sixteen months, it only seemed to draw her nearer to her Savior. She was as a blooming flower in her home, always ready to share the burdens as well as the joys. She had a smile and a kind word for every one. To know her was to love her. It was so hard for loved ones and friends to part with her. On the 4th of April when her spirit took its flight from this world of woe to its Heavenly home on high. We know she is only waiting and watching for us to enter the Golden Gate. It is so hard to understand why we had to give up one that was so dear to us all.

## Sing A Song Of Tartlets

FROM grace notes to tartlets is a long step but one easily achieved by the versatile prima donna, Dorothy Jardon, who is here shown wielding the rolling pin with the same energy that she puts into her operatic roles. Miss Jardon has consented to give us the recipe for her famous Song-bird Tartlets. Here it is.

Cream 4 tablespoonsful of sugar with 4 tablespoonsful of crisco, then add two eggs well beaten, 1 cupful of flour, 1/2 teaspoon salt, 1/2 teaspoon baking powder, and 1/2 teaspoon lemon extract. Line twelve tartlet tins with the pastry, put a teaspoonful of blackberry jam (to substitute for the blackbirds of the famous nursery rhyme) in each, and bake in a moderately hot oven 20 minutes. This is sufficient for twelve tartlets, which Miss Jardon avers are dainty enough "to set before a king."

## Houston Thieves Stealing the Earth

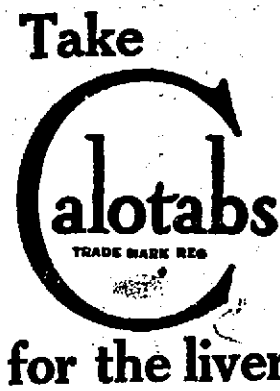

HOUSTON, Texas, May 7.—Someone is stealing the hills out of Cleveland park, 150 irate citizens, residents of Riverside community, told the city council at a recent session.

The citizens of the little suburb are tired of that brand of pilfering in the dead of night, awakening in the morning to find their beautiful hills have evaporated. If the hills can't be found they want those that remain to be left alone.

The spokesman for the citizens told the mayor and council that wagons were driven into the park late at night, loaded and driven out again. After a few weeks of this, he said, the most robust hill was reduced to the altitude of a pancake.

It was the contention of one member of the council that police should be put on the trail of the thieves but the mayor decided it was a case of investigation by the park fathers.

## Gushers Flowing Over The Top of T.A. League

### WINNING SERIES FROM TEMPLE MEXIA NOW LEADS ALL

Mexia took the third game of the series with Temple here by a score of 10 to 9, going into first place in the pennant race. Features of the game were the home runs of Jones and Fowlkes, the latter's taking a lucky bound over right field fence through Lind's hands. Marlin used four pitchers during the game. Johnson who started gave up eight runs to the locals in the second inning which overcame by six scores the 2 run lead which the Temple club had obtained off Jeffries. Nugent who relieved Johnson pitched creditable ball until the eighth inning, when he was relieved by McCull, striking out nine Gushers. McCull was wild as the proverbial March hare and was relieved by Clair after throwing three balls to Bryan. Jeffries, left hander who started in the box for Mexia, was relieved by Sanders in the fourth. Jeffries seemed to be unable to get at himself and was hit for several good hits by the Temple club. Sanders pitched a fair grade of ball, losing several good hits and tying the score in the eighth. Bryan's single in the ninth scored Geppert for the winning run.

### Yankees to Prove Hard Opponents For Westerners

NEW YORK, May 6.—Western Major League clubs in their impending encounters with the eastern teams will find their hardest fights in the American League against the Yankees and the Boston Red Sox while the Giants and the Brooklyn Robins will furnish all the trouble in the National League.

The Red Sox, of the three teams that have been fighting the Yankees appear the most formidable. Under smart management a remodeled team is getting good pitching, hitting well and playing alert, snappy baseball. Lee Fohl's teams always play that way.

The Washington Senators lack pitching strength and their defense does not work as smoothly as a first division club should. With a rookie

on third base, the infield is wobbly and the outfield is none too fast.

The Athletics have Connie Mack almost weeping. He felt sure before the season started that he had a contending club but he is now in the cellar. In many of their games the Athletics have played sloppy baseball and Mack nearly always makes his players keep on their toes even if they are going no place in particular. The Athletic pitchers have fallen down badly but there is yet time for them to get going.

## CARDINAL HAYES RETURNS TO NEW YORK

MAYOR JOHN E. HYLAN & PATRICK CARDINAL HAYES.

Patrick Cardinal Hayes, Archbishop of New York, recently elevated to the Cardinalate in Rome, was given a great ovation when he returned to New York City. He is shown here, in the full regalia of his high office, with Mayor John F. Hyman, on the special boat that took him off the liner Leviathan.

### LONG EYES

As a general proposition, there are a few near-sighted persons, but those whose eyes have such a defect require most careful attention by trained optometrists.

A near-sighted eye is one that is slightly longer than the correctly focused eye. For that reason the rays of light do not form a perfect picture and no effort on the part of the individual can aid them to do so.

After a careful examination, to determine the exact kind of glass required the optometrist orders lenses which will diverge or spread the day's of light and, with such lenses, the wearer frequently sees as well as those who are fortunate enough to possess optically perfect eyes.

Competency and care on the part of the optometrist are quite as essential when he is correcting near-sightedness as when he is aiding an eye having any other defect. If he is untrained and makes the mistake of prescribing a glass too strong, he will then create a condition that is similar to far-sightedness and is associated with the same kind of distressing eye discomfort.

Among all the learned sciences and professions there is none which has made greater progress toward human helpfulness in the last decade or two than optometry.

### WASHINGTON, May 6.—Edward

L. Doherty, Jr., of Los Angeles, son of the lessee of the naval oil reserve No. 1 of California, was a witness today before the federal grand jury here. Doherty spent only six minutes in the jury room giving rise to the belief that he refused to testify. According to testimony before the Senate oil committee by his father, young Doherty brought the black satchel containing \$100,000 in bills from New York to Albert Fall here for which Fall is said to have given him a note.

## Sportlights

Umpire Price was again one of the features of the game and the fans got many a "kick" from his work Monday. Price pulled a good one Monday when he told of a ball player in the Western Association where he umpired last season. According to his version of the affair the player was troubled with water on the knee and eventually it got so bad that one day last August the injury got so bad that whenever the player ran the bases he sprinkled the grass along the base lines and Price ran him out of the park for making the park muddy which forced him to call the game on account of rain.

The Newsies are still looking for that game, that next game with anyone who wants to meet them.

The date for the Lions to meet the Rotarians on the diamond has not yet been set. It is understood generally that Hardy Euhanks is going to recommend the whole Gusher squad for Membership in the Rotary club. If he does, the Lions will likely forfeit the game on account of the approaching democratic victory or for some other reason known to themselves.

Dr. C. P. McKenzie is seen quite frequently out in his front yard of late practicing something that is becoming quite popular in Mexia of late, with a club in his hand.

The turf may be beautiful but do not be afraid of it said J. K. Hughes to a class he is instructing in the arts of Golf. Other terms he used supposedly understood fully by his students, Blake Smith, Ike Keys, Jack Womack and other well known athletes of Mexia, were: "Take sod solidly and don't be lazy about it," "Get the imaginary line accurately in mind, let the clubhead lie comfortably and act naturally," "Never lose sight of the club," "The worse the lie, the more you need the forward and backward press."

## GRAND OINTMENT MAKES PIMPLES & BLOTCHES GO!

Ever since the introduction in this country of the wonderful Black and White Ointment, and Soap, skin specialists say that such troubles as pimples, blotches, bumps, rash, fever, eczema, "breaking out," etc., are becoming fewer every year.

Wide distribution of Black and White Ointment, and Soap, has made it possible for millions of people to get the benefit of this wonderful quick effect in clearing disfigured skin and making it smooth and good to look at. Dealers everywhere say they are selling faster than anything of a similar nature they have ever handled, and they attribute this popularity to the low prices at which they are sold, as well as their dependability. The 50c size contains three times as much as the 25c size. (Adv.)

## CITATION BY PUBLICATION

**THE STATE OF TEXAS**  
To the Sheriff or any Constable of Limestone County—Greeting:  
You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Limestone, if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District for four weeks previous to the return day hereof, E. D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D. 1924.

JACKSON COMPANY, the store ahead—always in the lead, steps to the front and places his entire stock on sale right in the Bud and Bloom of the Mid-Spring Buying season when such goods are most wanted and needed at prices you would only expect at the end of the spring and summer season; "IT'S BARGAIN DAY AT THE BIG STORE."**

Great crowds gather daily and storm the big busy store to buy all their Spring and Summer supplies at a tremendous saving. The crowds come and keep coming; there must be a reason or they would not come and then come again; it's the saving that counts, then the standard quality merchandise that this big store carries counts too; had you ever thought of that? This is a good store; it carries all the world's standard brands and makes in all that's new and interesting. Then, too, this store stands back of every item sold from a paper of pins on up to the most high grade men's and ladies' suits and ready-to-wear that money can buy. Then you are always welcome at this store whether you buy or not. The lid is off the box, come, look 'em over.

Men's New Spring and Summer Suits, the Celebrated Fashion Park Brand, Edwin-Clapp and Crossett Shoes and Oxfords, Eagle Shirts, New Straw Hats, John B. Stetson Hats, Work Clothes, Work Shoes, Overalls, Nice Cool Union Suits, Everything for Men and Boys, all on sale at a Great Saving. COME!

# SALE

Ladies Stop, Look, Listen! then come on; Safety First is the slogan everywhere you look; this store is a safe place to trade. Ladies' Dresses and Suits, some at half price. Millinery, some at half price; Fine Slippers and Oxfords, Silk Hosiery, anything and everything in Yard Goods; all at Great Savings to you. COME!

We have not attempted to make this advertisement pretty. We have not tried to do any fancy writing, nor have we gone into any glowing descriptions; but we have crowded it full of Meat. The Standard of Merchandise you know. And here are some of the prices. Not all of them! NO! NO! Four times this much space would not hold them all. These that are mentioned merely signify and point out the way. Read the list carefully. Perhaps one of the best values that would interest you most is told in the most obscure corner. COME RIGHT ON, LOOK 'EM OVER!
